ARCHITECTURAL CONTROL

Section 1. Architectural Control. No buildings, landscaping, improvements or fences of any character shall be erected or placed or the erection thereof begun, or changes made in the design, color, materials, size or additions, remodeling, renovation or redecoration of any portion of the exterior of any improvement on a Lot before or after original construction, until the construction plans, detailed specifications and survey or original plot plans showing the location of the structure or improvements have been submitted to and approved in writing by the committee, or its duly authorized representative. Such written approval must be given for compliance with this Declaration, quality, type, and color of material, harmony of external design with existing and proposed structures and for location with respect to topography, setbacks, and finish grade elevation.

All new construction shall be in accordance with CANYON GATE AT CINCO RANCH design guidelines, Section design guidelines, and this Declaration. In the event the Committee fails to indicate its approval or disapproval within forty-five (45) days after the receipt of the required documents the application will be automatically denied. Approval by Committee non-response shall not apply to any request which would, (a) violate any setback or easement set out in the Declaration or recorded Plat, or (b) violate any express provision of this Declaration. Such requests shall be deemed to be automatically disapproved.

The Committee shall be comprised of three (3) members. The initial members of the

Committee shall be appointed by the Developer. If there exists at any time one (1) or more vacancies in the Committee, the remaining member or members of such Committee may designate successor member(s) to fill such vacancy or vacancies, provided that Developer may from time to time, without liability of any character for so doing, remove and replace any such members of the Committee as it may in its sole discretion determine. The Developer, the Committee and the individual members thereof shall not be liable for any act or omission in performing or purporting to perform the functions delegated hereunder. The Association shall indemnify and hold the members of the Committee harmless for any claims and shall insure them under the Association Directors' and Officers' liability insurance policy.

Developer hereby retains its rights to assign all or part of the duties, powers and responsibilities of the Committee to the Association, the managing agent for the Association or the Board of Directors, and the term "Committee" herein shall include the Association, it's agent, or the Board of Directors as such assignee. Anything contained in this Paragraph or elsewhere in this Declaration to the contrary notwithstanding, the Committee, and its duly authorized representatives, is hereby authorized and empowered, at its sole and absolute discretion, to make and permit reasonable modifications of and deviations from any of the requirements of this Declaration relating to the (a) type, kind, quantity or quality of the building materials to be used in the construction of any building or improvement on any Subdivision Lot and of the size and (b) location of any such building or improvement when, in the sole and final judgment and opinion of the Committee, or its duly authorized representative, such modifications and deviations in such improvements will be in harmony with existing structures and will not materially detract from the aesthetic appearance of the Subdivision and its improvements as a whole. In connection with its consideration of a request for an

approval, modification, or a variance, the Committee may require the submission to it of such documents and items as it shall deem appropriate, including as examples, but without limitation, written request for and description of the construction modification or variance requested (plans, specifications, plot plans, surveys, and samples of materials). If the Committee shall approve such request, the Committee may evidence such approval, and grant its permission, only by written instrument, addressed to the Owner of the Lot(s), expressing the decision of the Committee describing (when applicable) the conditions on which the application has been approved (including as examples, but without limitation, the type of alternate materials to be permitted and alternate fence height approved or specifying the location, plans and specifications applicable to an approved out building), and signed by a majority of the then members of the Committee (or by the Committee's duly authorized representative). Any request for a variance from the express provisions of this Declaration shall be deemed to have been disapproved for the purposes hereof in the event of either (a) written notice of disapproval from the Committee, or (b) failure by the Committee to respond to the request for variance. In the event the Committee or any successor to the authority thereof shall not then be functioning and/or the term of the Committee shall have expired and the Association shall not have succeeded to the authority thereof as herein provided, no variances from the covenants of this Declaration shall be permitted because of the Developer's intention that no variances be available except at the discretion of the Committee, or if it shall have succeeded to the authority of the Committee in the manner provided herein, the Association. The Committee shall have no authority to approve any variance except as expressly provided in this Declaration. The Committee the Association, or the managing agent may charge a reasonable fee for review of all Architectural Control Applications ("Applications").

Section 2. Minimum Construction Standards. The Committee may from time to time promulgate an outline of minimum acceptable construction standards; provided, however, that such outline will serve as a minimum guideline and the committee shall not be bound thereby.

Section 3. No Liability. Neither the Committee nor the Association or the respective agents, employees and architects of each shall be liable to any Owner or any other party for any loss, claim or demand asserted on account of the administration of this Declaration or the performance of the duties hereunder, or any failure or defect in such administration and performance. This Declaration can be altered or amended only as provided herein, and no person is authorized to grant exceptions or make representations contrary to the intent of this Declaration. No approval of plans and specifications and no publication of minimum construction standards shall ever be construed as representing that such plans, specifications or standards will, if followed, result in a properly designed residential structure. Such approvals and standards shall in no event be construed as representing or guaranteeing that any residence will be built in a good, workmanlike manner. The approval or lack of disapproval by the Committee shall not be deemed to constitute any warranty or representation by such Committee, including without limitation any warranty or representation relating to fitness, design or adequacy of the proposed construction or compliance with applicable statutes, codes and regulations. The acceptance of a deed to a residential Lot by the Owner in the Subdivision shall be deemed a covenant and agreement on the part of the Owner, and the Owner's heirs, successors and assigns, that the Committee and the Association, as well as their agents, employees and architects, shall have no liability under this Declaration except for willful misdeeds.

Section 4. Single Family Residential Construction. No building shall be erected, altered or permitted to remain on any Lot other than one detached single-family residential dwelling not to

exceed two and one-half (2½) stories in height, a private garage for not more than three (3) cars and bona fide servants' quarters, which quarters shall not exceed the main dwelling in height and which may be occupied only by a member of the family occupying the main residence on the building site or by domestic servants employed on the premises. No room(s) in the dwelling and no space in any other structure shall be let or rented. This shall not preclude the main residential structure from being leased or rented in its entirety as a single residence to one (1) family or person. This provision shall not apply to recreation areas, Common Area, any unrestricted Reserves or Reserves, or Property designated for commercial development as shown on any plat or map of the Property, or any amendment thereto.

Section 5. Minimum Square Footage Within Improvements. The total living area on the ground floor of a main residential structure (exclusive of porches, garages and servants' quarters) shall be not less than twelve hundred (1,200) square feet for one-story dwellings. The total living area for a multistory dwelling (exclusive of porches, garages and servants' quarters) shall be not less than fourteen hundred (1,400) square feet. The Committee, at its sole discretion, is hereby permitted to approve deviations in any building area herein prescribed in instances when in the Committee's sole judgment such deviation would result in a more common beneficial use. Such approvals must be granted in writing and, when given, will become part of these restrictions to the extent of the particular Lot involved.

Section 6. Exterior Materials. The exterior materials of residential structures and any attached garage and servants' quarters shall be not less than fifty percent (50%) brick on the ground floor, with the remainder being either brick or masonry siding or "hardiplank," unless otherwise approved by the Committee.

Section 7. New Construction Only. No building of any kind with the exception of lawn storage or children's playhouses (which shall require Committee approval as provided in Article III, Section 2) shall ever be moved onto any Lot within said Subdivision, it being the Developer's intention that only new construction shall be placed and erected thereon, except with the prior written consent of the Committee.

Section 8. Roofs and Roofing Materials. The roofs of all buildings on the Property shall be constructed or covered with asphalt dimensional composition shingles or fiberglass composition shingles with a minimum manufacturer guarantee of twenty-five (25) years and/or four tabs. The color of any dimensional composition shingles shall be subject to written approval by the Committee prior to installation. The roofs of all buildings shall contain a roof pitch of not less than five inches (5") per each vertical twelve inches (12") of roof. Roofs on attached porches may have a lesser pitch as may be determined by the Committee.

Section 9. Location of the Improvements Upon the Lot; Lot Coverage. No building, structure, or other improvements shall be located on any Lot nearer to the front Lot line or nearer to the street sideline than the minimum building setback line shown on the recorded plat. No building, structure, or other improvement shall be located on any Lot nearer than ten feet (10') to any side street line. No building shall be located nearer than five feet (5') to any interior Lot line except detached garages which may be located three feet (3) from any side lot line. No Reserve Lot shall have any improvements within twenty feet (20') of the Property line adjacent to a Reserve. For the purposes of this Declaration, steps and unroofed terraces shall not be considered as part of a building; provided, however, that this shall not be construed to permit any portion of the construction on a Lot to encroach upon another Lot, a Landscape area, or any Common Area. Total Lot coverage

of buildings, driveways, walks and other structures shall not exceed sixty percent (60%) of the total Lot area for standard single-family residential developments. Pools, spas and decks are not considered structures for the purpose of calculating the Lot coverage.

Section 10. Composite Building Site. Any Owner of one or more adjoining Lots (or portions thereof) may consolidate such Lots or portions into one single-family residence building site, with the privilege of placing or constructing improvements on such site, in which case setback lines shall be measured from the resulting side property lines rather than from the Lot lines shown on the recorded plat. Any such proposed composite building site(s) must be approved by the Committee. No Lot shall be subdivided or its boundary lines changed except with the prior written approval of the Association. Declarant, however, hereby expressly reserves the right to replat any Lot(s) owned by Declarant without the consent of the Association or any Owner. Any such division, boundary line change, or replatting shall not be in violation of the applicable subdivision and zoning regulations. No Lot shall be made subject to any type of timesharing, fraction-sharing or similar program whereby the right to exclusive use of the Lot rotates among members of the program on a fixed or floating time schedule over a period of years.

Section 11. Utility Easements. Easements for installation and maintenance of utilities are reserved as shown and provided for on the recorded plat or by separately recorded instrument, and no structure of any kind shall be erected upon any of said easements. Utility easements are for the distribution of electrical, telephone, gas, water, and cable television service. In some instances, sanitary sewer lines are also placed within the utility easement. Utility easements are typically located along the rear Lot line, although selected Lots may contain a side Lot utility easement for the purpose of completing circuits or distribution systems. Both the recorded Subdivision plat and the

individual Lot survey should be consulted to determine the size and location of utility easements on a specific Lot. Generally, interior Lots contain a utility easement along the rear line. Perimeter Lots or Lots that back up to drainage facilities, pipeline easements, property boundaries and non-residential tracts typically contain a utility easement. Encroachment of structures upon a utility easement is prohibited. Neither Developer, nor any utility company using the easements shall be liable for any damage done by either of them or their assigns, their agents, employees or servants to shrubbery, trees, flowers or improvements of the Owner located on the land within or affected by said easements.

Section 12. Reservation of Easements. Declarant expressly reserves for the benefit of all of the Property reciprocal easements for access, ingress and egress for all Owners to and from their respective Lots, for installation and repair of utility services; for encroachments of improvements constructed by Declarant and participating builders or authorized by the Committee over the Property; and for drainage of water over, across and upon adjacent Lots, Common Areas and the Property resulting from the normal use of adjoining Lots, Common Areas or Property, and for necessary maintenance and repair of any improvement. Such easements may be used by Declarant, its successors, purchasers, the Association, and all Owners, their guests, tenants and invitees residing on or temporarily visiting the Property, for pedestrian walkways, vehicular access and such other purposes reasonably necessary for the use and enjoyment of a Lot, Common Area or the Property.

Section 13. Garages. No garage on a lot with a residential dwelling shall ever be changed, altered or otherwise converted for any purpose inconsistent with the housing of a minimum of two (2) automobiles and a maximum of three (3) automobiles at all times. All Owners, their families, tenants and Contract purchasers shall, to the greatest extent practicable, utilize such garages for the

garaging of vehicles belonging to them. Detached garages are not permitted on Lots that back onto a Reserve. When the side of a Lot is exposed to a Reserve, a detached garage may be allowed provided that the garage is on the side of the Lot opposite the Reserve. Internal corner lots not backing or siding a collector street are allowed to have side-loading garages.

Section 14. Landscape Areas. The Association shall have the right to conduct landscaping activities upon and within the Landscape Areas. Lot Owners shall maintain the easement between their Lot and all street or road right of ways. The Association shall have the right, but not the obligation, to install, operate, maintain, repair and/or replace public street lighting, hike and bike trails, jogging paths, walkways and other similar improvements, provided such lighting, trails, paths, walkways and other improvements must be constructed within the rights-of-way of thoroughfares. The Association may assign such maintenance and operation to Section Associations.

Section 15. Sidewalks. Before the dwelling house is completed and occupied, the Builder shall construct a concrete sidewalk four feet (4') in width parallel to the street curb two inches (2") back from the property lines of the Lot into the street right-of-way. Builders on corner Lots shall install such a sidewalk both parallel to the front Lot line and parallel to the side street Lot line. Such sidewalks shall comply with all federal, state and county laws, ordinances, or regulations respecting construction and/or specifications, if any. Locations of sidewalks are not to be varied except when required to avoid existing trees. Upon the sale of any lot, the sidewalks on said lot will become the property and maintenance responsibility of the new owner.

Section 16. Street Trees. Street trees shall be planted and maintained in the green space located between the back of the street curb and the sidewalk on all Lots. Street trees shall be only Oak variety and shall be planted with a minimum two inch (2") trunk caliper. One (1) street tree per

lot for each adjacent street or road shall be planted on Lots having street frontage of sixty-five feet (65') or less and two (2) street trees per side adjacent to any street or road shall be planted on Lots having frontage more than sixty five feet (65'). Lots shall have street trees on all sides with sidewalks. Street trees shall be situated so as not to obstruct vision at street corners and intersections. The street trees requirement shall be in addition to, and not substitute for, yard tree requirement set out elsewhere in the Restrictions. Street trees shall be planted by the builder before any house is conveyed to an Owner and thereafter shall be maintained by the Owner of the Lot.

Section 17. Housing Plan and Elevation Repetition. The following three (3) scenarios represent CANYON GATE AT CINCO RANCH's guidelines for determining when a plan and elevation can be repeated within the Subdivision:

- (a) When building the same plan, different elevation, on the same side of the street, two (2) Lots must be skipped;
- (b) When building same plan, different elevation, on both sides of the street, two Lots must be skipped; and
- (c) When building the same plan, same elevation, on the same side of the street or on both sides of the street, four (4) full Lots must be skipped.

Section 18. Landscaping. The residential Lot builder is responsible for landscaping all front yards, including the portion of the street right-of-way between the property line and the street curb and the rear yards of lots adjacent to Green Belts or Recreational Areas. Installation of all landscaping must occur immediately upon occupancy of the house or within thirty (30) days after completion of construction, whichever occurs first. Installation of landscaping, including materials and workmanship, must be in conformance with acceptable industry standards.

A minimum of two (2) pines is required, with no more than three (3) pine trees permitted.

An underground electric distribution system will be installed in that part of CANYON GATE AT CINCO RANCH ("Underground Residential Subdivision"), which underground service area shall embrace all Lots in CANYON GATE AT CINCO RANCH. The Owner of each Lot in the Underground Residential Subdivision shall, at his

own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code ["N.E.C."]) the underground service cable and appurtenances from the point of the electric company's metering on customer's structure to the point of attachment at such company's installed transformers or energized secondary junction boxes. Such point of attachment shall be made available by the electric company at a point designated by such company at the property line of each Lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. In addition, the Owner of each such Lot shall, at his own cost, furnish, install, own and maintain a meter loop (in accordance with then current standards and specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for the residence constructed on such Owner's Lot. For so long as underground service is maintained in the Underground Residential Subdivision, the electric service to each Lot therein shall be underground, uniform in character and exclusively of the type known as single phase, 110/220 volt, three wire, 60 cycle, alternating current.

The electric company has installed the underground electric distribution system in the Underground Residential Subdivision at no cost to Developer (except for certain conduits, where applicable) upon Developer's representation that the Underground Residential Subdivision is being developed for single-family dwellings of the usual and customary type, constructed upon the premises, designed to be permanently located upon the Lot where originally constructed and built for sale to bona fide purchasers (such category of dwelling expressly excludes, without limitations, mobile homes and duplexes). Therefore, should the plans of Lot Owners in the Underground Residential Subdivision be changed so that dwellings of a different type will be permitted in such Subdivision, the electric company shall not be obligated to provide electric service to a Lot where a

dwelling of a different type is located unless (a) Developer has paid to the electric company an amount representing the excess in cost, for the entire Underground Residential Subdivision, of the underground distribution system over the cost of equivalent overhead facilities to serve such Subdivision, or (b) the Owner of such Lot, or the applicant for service, shall pay to the electric company for the additional service (it having been agreed that such amount reasonably represents the excess in cost of the underground distribution system to serve such Lot), plus (2) the cost of rearranging and adding any electric facilities serving such Lot, which rearrangement and/or addition is determined by the company to be necessary.

Section 21. Structured In-House Wiring. Each house built in the Subdivision shall include among its components structured in-house wiring and cabling to support multiple telephone lines, internet/modem connections, satellite and cable TV service and in-house local area networks. In each home, a central location or Main Distribution Facility ("MDF") must be identified to which ALL wiring must be run. The MDF is the location where all wiring is terminated and interconnected, and where the electrical controllers will be mounted.

The MDF will be the central location for all wiring of all types including security, data, video, and telephone wiring. The wiring room must be a clean interior space, preferably temperature controlled and secure. The components must be installed only in a dry location.

The following are acceptable locations:

- a. A dedicated wiring closet (ideal installation);
- b. A storage closet (if appropriate space is available); or
- c. A utility room that is considered dry as described in the N.E.C.

The components SHALL NOT be installed in a garage, crawl space, exterior enclosure, or fire rated wall, as these are not approved installation locations. The volume and ventilation characteristics of

the MDF must allow for 70W heat dissipation without exceeding the ambient temperature and humidity requirements. The specific requirements, specifications, and locations for each MDF shall be subject to Committee approval in each case. The Committee may promulgate rules and/or rules and/or specifications for the MDFs.

Section 22. BULK COMMUNICATION SERVICES. IN THE SOLE DISCRETION OF THE DEVELOPER, AS LONG AS DEVELOPER IS IN CONTROL OF THE SUBDIVISION, AND THEREAFTER, IN THE SOLE DISCRETION OF THE ASSOCIATION, THE ASSOCIATION SHALL HAVE THE EXCLUSIVE RIGHT AND OPTION TO PROVIDE AND BILL EACH LOT OWNER FOR THE FOLLOWING COMMUNICATION SERVICES EITHER INDIVIDUALLY OR BUNDLED PACKAGES:

- a. TELEPHONE SERVICES (LOCAL AND LONG DISTANCE)
- b. CLOSED CIRCUIT TELEVISION
- c. CABLE TELEVISION
- d. SATELLITE TELEVISION
- e. INTERNET CONNECTION
- f. COMMUNITY INTERNET
- g. FIRE OR BURGLAR ALARM MONITORING
- h. ON DEMAND VIDEO
- i. VOICE MAIL

THESE SERVICES SHALL BE BILLED IN ACCORDANCE WITH ARTICLE VI, SECTION 12.

Section 23. BULK POWER SERVICES. IN THE SOLE DISCRETION OF THE DEVELOPER AS LONG AS THE DEVELOPER IS IN CONTROL OF THE SUBDIVISION, AND THEREAFTER, IN THE SOLE DISCRETION OF THE ASSOCIATION, THE ASSOCIATION SHALL HAVE THE EXCLUSIVE RIGHT AND OPTION TO PROVIDE AND BILL EACH LOT OWNER FOR THE FOLLOWING POWER SERVICES FROM THE ASSOCIATION EITHER INDIVIDUALLY OR IN BUNDLED PACKAGES:

- a. ELECTRICAL POWER
- b. NATURAL GAS

Section 24. Grading and Drainage. Each Lot shall be graded so that storm water will drain to the abutting street(s) and not across adjacent Lots. Minimum grade shall be one percent (1.0%). Exceptions will be made in those instances where existing topography dictates an alternate Lot grading plan. The Committee must approve all exceptions.

Section 25. Driveways. The Builder is required to build driveways into the street right-of-way. All driveway locations must be approved by the Committee. To the extent possible, driveways are to be de-emphasized, highlighting instead the landscape and pedestrian environment.

Concrete driveways are to be a minimum four inches (4") thick over a sand base. A #6, six inch (6") by six inch (6") woven wire mesh shall be installed within the " approach" portion of the driveway between the curb and sidewalk. The driveway approach must contain an expansion joint made of redwood or flex-base tar between the back of curb and the approach. County or city specifications regarding driveway cuts, curb returns and approaches at driveway openings shall be adhered to for all Lots.

Driveways may be paved with concrete or unit masonry, although use of materials should be consistent with the architectural character of the entire neighborhood. The use of stamped or colored concrete, interlocking pavers, brick pavers and brick borders are encouraged, but must be approved by the Committee. Asphalt paving is prohibited.

Driveways should not be constructed over inlets or manholes. In instances where this is unavoidable, compliance with county or city regulations, which may require inlet adjustment and/or elevation, will be necessary.

Driveways shall be located no closer than two feet (2') from the side property line. Driveways

serving residences with attached side or rearloaded garages, and/or detached garage shall be minimum of ten feet (10') in width at the street and may taper to a width not less than the total width of the garage as measured at the vehicle doors.

Driveways serving attached two car garages facing the street shall be sixteen feet (16') in width. Driveway slopes should be uniform with smooth transitions between areas of varying pitch.

The use of circular drives is discouraged and will be allowed by the Committee only in instances when the width of the Lot is sufficient to accommodate such driveways while leaving a significant amount of green space. Under no circumstances may an entire front yard be paved as a driveway.

Section 26. Outdoor Lighting.

All outdoor lighting must conform to the following standards and be approved by the Committee:

- a. Flood lighting fixtures may be attached to the house or an architectural extension;
- b. Floodlighting shall not illuminate areas beyond the limits of the property line;
- c. Ornamental or accent lighting is allowed but should be used in moderation and compliment the associated architectural elements;
- d. Moonlighting or tiplighting of trees is allowed, but the light source must be hidden;
- e. Colored lenses on low voltage lights, colored light bulbs, fluorescent and neon lighting is prohibited; and
- f. Mercury vapor security lights, when the mixture is visible from public view or from other Lots, is prohibited. Mercury vapor lights, when used for special landscape lighting affect (such as hung in trees as tip and down lights) is permissible.

Section 27. Screening. Mechanical and electrical devices, garbage containers and other similar objects visible from a public street, Reserves, Common Areas, or located on Property

boundaries must be screened from view by either fences, walls, plantings, or a combination thereof. Screening with plants is to be accomplished with initial installation, not assumed growth at maturity.

Section 28. Walls, Fences Hedges. No wall, fence or hedge shall be erected or maintained nearer to the front Lot line than ten feet (10') behind the front building line on such Lot, nor on corner Lots nearer to the side Lot line than the building line parallel to the side street. No side or rear fence, wall or hedge shall be more than six feet (8') in height from the grading plan for the Lot, except for street and perimeter fences erected by the Developer or the Association, which fences may be eight feet (10') in height. All fences must be constructed of wood, brick, concrete, ornamental wrought iron, or masonry. Changes to any of these requirements must be applied for through the Architectural Control Committee. No chain link fence type construction will be permitted on any Lot. Any wall, fence or hedge, except for subdivision perimeter walls, and boulevard walls erected on a Lot by Developer, or its assigns, shall pass ownership with title to the Lot, and it shall be Owner's responsibility to maintain said wall, fence or hedge thereafter.

All fences and walls adjacent to any divided street shall be entirely of Association designated masonry/brick/wood/wrought iron construction. The brick or masonry color, wood color, wrought iron color and design manufacturer, type, column design, and fence specifications shall be promulgated by rules set by the Committee. Association-owned fences may be sited on the lot line or boundary of a Lot and the Common Area, easement, or public street and such fence shall be maintained by the Association.

Section 29. Fences on Reserve Lots. All fences must have the prior written approval of the Committee as to location, design, and material, color, and paint and stain requirements.

Section 30. Lot Privacy Fences. Six foot (6') high wood fences shall be installed between all Lots and enclosing the rear yard on all lots except where Association fences have been constructed, except as provided in Section 29, and except where alternative materials have been herein specified. Wood fences shall be constructed "good neighbor style" (alternating panels) using six inch (6") notched cedar pickets with a minimum of two (2) rails of two inch (2") by four inch (4") treated wood and four inch (4") by four inch (4") treated wood posts at a maximum spacing of eight feet (8') on center. All wood fences shall be constructed using galvanized nails, four (4) per picket minimum. Wood fences that face any street shall have all pickets facing the street. The Committee may specify that wood fences facing a street be stained a particular color.

All wood fences shall be subject to Committee approval prior to construction.

Section 31. Fence Maintenance. All fences, except boulevard masonry/brick/wood/ wrought iron fences adjacent to streets and erected by the Developer and as specifically required elsewhere herein to be maintained by the Association, shall be maintained in good condition at all times by the Owner of the Lot. The Association is granted an easement over and across any lot upon which a fence or wall owned by the Developer or the Association is constructed for the purpose of maintenance or replacement.

Section 32. Other Requirements. The deed restrictions of the various sections of the Property may contain more restricted provisions or additional requirements (such as by way of illustration, require larger building sizes, more brick or masonry siding or different types of building materials). In such cases the Section Declaration shall apply to further restrict usage or enlarge building requirements but shall not apply to limit the Declaration set out herein or lessen the building size or standards each of which shall be considered minimum requirements.

ARTICLE III.

USE RESTRICTIONS

Section 1. Prohibition of Offensive Activities. No activity which is not related to single family residential purposes, whether for profit or not, shall be carried on any Lot which is not related to single family residential purposes. No noxious or offensive activity of any sort shall be permitted nor shall anything be done on any Lot which may be, or may become, an annoyance or a nuisance to the neighborhood. No loud noises or noxious odors shall be permitted on the Property, and the Association shall have the right to determine if any such noise, odor or activity constitutes a nuisance. Without limiting the generality of any of the foregoing provisions, no exterior speakers, horns, whistles, bells or other sound devices (other than security devices used exclusively for security purposes), noisy or smoky vehicles, large power equipment or large power tools, unlicensed off-road motor vehicles or other items which may unreasonably interfere with television or radio reception of any Lot Owner in the Property, shall be located, used or placed on any portion of the Property or exposed to the view of other Lot Owners without the prior written approval of the Association. No television, sound or amplification system or other such equipment shall be operated at a level that can be heard outside of the building in which it is housed. This Restriction is waived in regard to the normal sales activities required to sell homes in the Subdivision and the lighting effects utilized to display the model homes.

Section 2. Use of Temporary Structures or Outbuildings. No structure of a temporary character, whether trailer, basement, tent, shack, garage, barn or other outbuilding, shall be maintained or used on any Lot at any time as a residence, or for any other purpose, with the exception of lawn storage or children's playhouses that have received Committee approval; provided,

however, that sales trailers and construction trailers are permitted during the initial construction phase and sales phase of the Subdivision development.

Provided the express written consent of the Committee is secured prior to installation and placement on a Lot, one (1) lawn storage building and/or one (1) children's playhouse, each limited (a) in maximum height to eight feet (8') from ground to highest point of structure and (b) to no more than one hundred (100) square feet each, may be placed on a Lot behind the main residential structure. The intent of this provision is to offer optimum private enjoyment of adjacent properties. In no case can the outbuilding be placed in a utility easement, or within five feet (5') of a side property line or ten feet (10') of the back property line. Additionally, no outbuilding structure of any type is permitted unless the specific Lot involved is completely enclosed by fencing. Otherwise, no outbuilding or temporary structure of any kind shall ever be moved onto or erected on any Lot. It is intended hereby that, unless otherwise specifically approved, only new construction shall be placed and erected on any Lot within the Property.

Section 3. Automobiles, Boats, Trailers, Recreational Vehicles and Other Vehicles. No motor vehicle may be parked or stored on any part of any Lot, easement, street right-of-way or common area or in the street adjacent to any Lot, easement, right-of-way or common area unless:

- (a) Such vehicle does not exceed either six feet six inches (6'6") in height, and/or seven feet six inches (7'6") in width, and/or twenty-one feet (21') in length; and
- (b) Such vehicle is concealed from public view inside a garage or other approved enclosure (on the Owner's Lot).

Only passenger automobiles, passenger vans (the term "passenger vans" specifically excludes motor homes and recreation vehicles), motorcycles, pick-up trucks, or pick-up trucks with attached-

bed covers are permitted provided that they are:

- a. In operating condition;
- (c) Have current license plates and inspection stickers;
- (d) Are in daily use as motor vehicles on the streets and highways of the State of Texas and,
- (e) Do not exceed either six feet six inches (6'6") in height, and/or seven feet six inches (7'6") in width, and/or twenty-one feet (21') in length.

No non-motorized vehicle, trailer, boat, marine craft, hovercraft, aircraft, machinery or equipment of any kind may be parked or stored on any part of any Lot, driveway, easement, street right-of-way, or Common Area or in the street adjacent to such Lot, easement, street right-of-way, or Common Area unless such object is concealed from public view inside a garage or other approved enclosure (on the Owner's Lot). The phrase "approved enclosure" as used in this paragraph shall mean any fence, structure or other improvement approved by the Committee. No one shall park, stop or keep within or adjoining the Property any large commercial-type vehicle (dump truck, cement-mixer truck, oil or gas truck, delivery truck, tractor or tractor trailer, boat trailer and any other vehicle equipment, mobile or otherwise deemed to be a nuisance by the Association), or any recreational vehicle (camper unit, motor home, truck, trailer, boat, mobile home or other similar vehicle deemed to be a nuisance by the Association).

No one shall conduct repairs or restorations of any motor vehicle, boat, trailer, aircraft or other vehicle upon any street, driveway, Lot or portion of the Common Areas, except for repairs to the personal vehicles of the residents conducted exclusively in the enclosed garage (and provided such personal vehicle repairs do not cause excessive noise or disturb the neighbors at unreasonable

hours of the night).

This restriction shall not apply to any vehicle, machinery, or maintenance equipment temporarily parked and in use for the construction, repair or maintenance of a house or houses in the immediate vicinity.

No vehicle shall be parked on streets or driveways so as to obstruct ingress or egress by other Owners, their families, guests and invites or the general public using the streets for ingress and egress in the Subdivision. The Association may designate areas as fire zones, or no parking zones, or guest parking only zones. The Association shall have the authority to tow any vehicle parked or situated in violation of these Restrictions or the Association rules, the cost to be at the vehicle Owner's expense.

No motor bikes, motorcycles, motorscooters, "go-carts" or other similar vehicles shall be permitted to be operated in the Subdivision if, in the sole judgment of the Association, such operation, by reason of noise or fumes emitted, or by reason of manner of use, shall constitute a nuisance or jeopardize the safety of any Owner, his tenants, and their families. The Association may adopt rules for the regulation of the admission and parking of vehicles within the Subdivision, the Common Areas, and adjacent street right-of-ways, including the assessment of charges and fines to Owners who violate, or whose invitees violate, such rules after notice and hearing. If a complaint is received about a violation of any part of this section, the Association will be the final authority on the matter.

Section 4. Advertisement and Garage Sales. The Association shall have the right to make rules and regulations governing and limiting the advertisement of and holding of garage sales.

Section 5. Air Conditioners. No window or wall type air conditioner shall be installed, erected, place, or maintained on or in any building without prior written consent of the Committee.

Section 6. Window and Door Coverings. No aluminum foil or similar reflective material shall be used or placed over doors or on windows.

Section 7. Unsightly Objects. No unsightly objects which might reasonably be considered to give annoyance to neighbors of ordinary sensibility shall be placed or allowed to remain on any yard, street or driveway. The Association shall have the sole and exclusive discretion to determine what constitutes an unsightly object.

Section 8. Decks, Patios, Pools and Playground Equipment. No above ground pools are permitted on any Lots. Playhouse or fort style structures or pool ancillary structures are limited to a maximum overall height of eight feet (8') and an above ground deck maximum height of twenty-four inches (24"). Decks and Patios are limited to the same above ground deck maximum height of twenty-four inches (24"). Additionally, playground and equipment of any type or amenity structures of any type are permitted only when the specific Lot involved is completely enclosed by fences. The intent of this provision is to offer optimum private enjoyment of adjacent properties.

Section 9. Mineral Operation. No oil drilling, oil development operations, oil refining, quarrying or mining operation of any kind shall be permitted upon or in any Lot or Common Areas, nor shall any wells, tanks, tunnels, mineral excavation, or shafts be permitted upon or in any Lot or Common Area. No derrick or other structures designed for the use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot or Common Area.

Section 10. Animal Husbandry. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any Lot, except that dogs, cats or other common household pets may be kept,

in reasonable numbers, provided that they are not kept, bred or maintained for commercial purposes.

No Owner shall allow any pets to become a nuisance by virtue of noise, odor, dangerous proclivities, excessive pet debris or unreasonable numbers of animals. If common household pets are kept, they must be confined to a fenced backyard (such fence shall encompass the entire backyard) or within the house. When away from Lot, pets must be on a leash at all times. It is the pet Owner's responsibility to keep the Lot clean and free of pet debris and to keep pets from making noise which disturbs neighbors. Pet Owners shall not permit their pets to defecate on other Owners' Lots, on the Common Areas, Landscape Areas, Recreational Areas or on the streets, curbs, or sidewalks.

Section 11. Visual Obstruction at the Intersection of Public Streets. No object or thing which obstructs sight lines at elevations between two feet (2') and six feet (6') above the roadways within the triangular area formed by the intersecting street property lines and a line connecting them at points twenty-five feet (25') from the intersection of the street property lines or extension thereof shall be placed, planted or permitted to remain on any corner Lots.

Section 12. Lot and Building Maintenance. The Owners or occupants of all Lots shall at all times keep all weeds and grass thereof cut in a sanitary, healthful, attractive and weed free manner, and they shall edge curbs that run along the property lines and shall in no event use any Lot for storage of materials and equipment except for normal residential requirements or incident to construction of improvements thereon as herein permitted. All fences and buildings (including but not limited to the main residence and garage, if any) which have been erected on any Lot shall be maintained in good repair and condition by Owner, and Owner shall promptly repair or replace or repair or restrain the same in the event of partial or total destruction or ordinary deterioration, wear

and tear. Each Owner shall maintain in good condition and repair all structures on the Lot including, but not limited to, all windows, doors, garage doors, roofs, siding, brickwork, stucco, masonry, concrete, driveways and walks, fences, trim, plumbing, gas and electrical. By way of example, not of limitation, wood rot, damaged brick, fading, peeling or aged paint or stain, mildew, broken doors or windows, rotting or failing fences shall be considered violations of this Declaration, which conditions the Owner of a Lot shall repair or replace upon Association demand.

All walks, driveways, carports and other areas shall be kept clean and free of debris, oil or other unsightly matter. The Association shall be the final authority of the need for maintenance or repair. No Lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste materials shall not be kept except in sanitary containers constructed of metal, plastic or masonry materials with sanitary covers or lids. No waste materials shall be dumped or drained into any Landscape Area or Common Area. Containers for the storage of trash, garbage and other waste materials must be stored out of public view except on trash collection days when they may be placed at the curb not earlier than 7:00 p.m. of the night prior to the day of scheduled collections and must be removed by 7:00 p.m. on the day of collection. No Lot shall be used or maintained as a dumping ground for trash, nor will the accumulation of garbage, trash or rubbish of any kind thereon be permitted. Burning of trash, garbage, leaves, grass or anything else will not be permitted. Equipment for storage or disposal of such waste materials shall be kept in a clean and sanitary condition and shall be stored out of public view. New building materials used in the construction of improvements erected upon any Lot may be placed upon such Lot at the time construction is commenced and may be maintained thereon for a reasonable time, so long as the construction progresses without undue delay, until the completion of the improvements, after which these

materials shall either be removed from the Lot or stored in a suitable approved enclosure on the Lot.

In the event of default on the part of the Owner or Owners of any Lot in observing the above requirements or any of them, such default continuing after Association has served ten (10) days' written notice thereof, being placed in the U.S. Mail without the requirement of certification, then the Association, by and through its duly authorized agent only, without liability to the Owner or Occupant in trespass or otherwise, enter upon said Lot and cut the grass, edge and weed the lawn, cause to be removed garbage, trash and rubbish or do any other thing necessary to secure compliance with this Declaration so as to place said Lot in a neat, attractive, healthful and sanitary condition. The Association may charge the Owner or Occupant of such Lot for the cost of such work. The Owner or Occupant, as the case may be, agrees by the purchase or occupancy of a Lot to pay for such work immediately upon receipt of a statement thereof. In the event of failure by the Owner or Occupant to pay such statement within fifteen (15) days from the date mailed, the amount thereof may be added to the annual maintenance charge provided for herein and the collection of such additional maintenance charge shall be governed by Article VI of this Declaration.

Section 13. Signs, Advertisements, Billboards. Except for signs owned by Builders or Developer advertising lots or their model homes during the period of original construction and home sales, no sign, poster, advertisement or billboard or advertising structure of any kind other than one normal "For Sale" sign, not to exceed five (5) square feet initial size may be erected or maintained on any Lot in said Subdivision nor be placed in any Common Area, Landscape Area, adjacent Lot or Recreational Area. Owner shall also have the right to maintain on his Lot not more than two (2) signs not to exceed five (5) square feet each, advertising a political candidate in any local, state, or federal election. These political advertisement signs may be maintained for three (3) weeks prior to

the election and must be removed within two (2) days after the election. The Association will have the right to remove any sign, advertisement, billboard, or advertising structure that does not comply with the above, and in so doing, shall not be subject to any liability of trespass or other sort in the connection therewith or arising with such removal.

This provision shall not apply to Association or Developer project identity signs, nor Association signs for recreation rules or Association informational signs.

Section 14. No Business or Commercial Use. Subject to the provisions of this Declaration and the Association By-Laws, no part of the Property may be used for purposes other than single-family residential housing and the related common purposes for which the Property was designed. Each Lot and structure shall be used for single-family residential purposes or such other uses permitted by this Declaration and for no other purposes. No Lot or structure shall be used or occupied for any business, commercial trade or professional purpose or as a church either apart from or in connection with, the use thereof as a residence, whether for profit or not. The foregoing restrictions as to residence shall not, however, be construed in such manner as to prohibit an Owner from:

- (a) Maintaining a personal professional library;
 - (b) Keeping personal business or professional records or accounts; or
 - (c) Handling personal business or professional telephone calls or correspondence,
- which uses are expressly declared customarily incidental to the principal residential use and not in violation of said restrictions, provided such activity is not apparent by sight, sound or smell or such outside the Lot and does not involve visitation to the Lot by customers, suppliers or other business invitees.

Section 15. Holiday Decorations. Exterior Thanksgiving decorations may be installed November 10 of each year and must be removed by December 1 of each year. Exterior holiday decorations may be installed the day after Thanksgiving each year and must be removed by January 5 of the new year. Holiday decorations shall not be so excessive as to cause a nuisance to neighborhood residents. The Association shall have the sole and exclusive authority to decide if holiday decorations are causing a nuisance.

Section 16. Visual Screening on Lots. The drying of clothes in public view is prohibited. All yard equipment, woodpiles or storage piles shall be kept screened by a service yard or other similar facility so as to conceal them from view of neighboring Lots, Streets, , or other property.

Section 17. Dishes and Antennae. No electronic antenna or device of any type other than an antenna or dish for receiving normal television or satellite signals shall be erected, constructed, placed or permitted to remain on any Lot, houses or buildings. Television antennae must be located to the rear of the roof ridge line, gable or center line of the principal dwelling. Freestanding antennae and dishes must be located behind the rear wall of the main residential structure, and dishes shall not be larger than one (1) meter in diameter. Ground level dishes or antennae on Green Belt Lots shall be screened from public view with landscaping. No antennae, either freestanding or attached, shall be (a) permitted to extend more than five feet (5') above the roof of the main residential structure on the Lot or (b) erected on a wooden pole. No dish shall be permitted to extend above the roof of the main residential structure on the Lot. These rules are subject to variance by the Committee, provided that any variance granted provides for screening deemed sufficient by the Committee to insure that no such antenna or dish shall be visible from the street which runs in front of said Lot or the street

which runs on the side of any corner Lot or Green Belt. This restriction is subject to change according to FCC regulation.

Section 18. Roads. All Subdivision roads and esplanades designated as private roads and esplanades on the map or plat of the Subdivision and deeded to the Association shall be maintained and regulated by the Association. The Association shall have the right to establish rules and regulations concerning all such streets and roads including, but not limited to, speed limits, curb parking, fire lanes, and alleys, stop signs, traffic directional signals and signs, speed bumps, crosswalks, traffic directional flow, striping, signage, curb requirements, and other matters regarding the roads, streets, curbs, esplanades and their usage by Lot owners, family members, guests, and invitees.

Section 19. Drainage and Septic Systems. Catch basins drainage areas are for the purpose of natural flow of water only. No obstructions or debris shall be placed in these areas. No person other than Declarant may obstruct or rechannel the drainage flows after location and installation of drainage swales, storm sewers, or storm drains. Declarant hereby reserves for itself and the Association a perpetual easement across the Property for the purpose of altering drainage and water flow; provided, however, that the exercise of such easement shall not materially diminish the value or interfere with the use of any adjacent property without the consent of the Owner thereof. Septic tanks and drain fields, other than those installed by or with the consent of the Declarant, are prohibited within the Property. No Owner or occupant shall dump grass clippings, leaves or other debris, petroleum products, fertilizers or other potentially hazardous or toxic substances, in any drainage ditch, storm sewer or storm drain, or Landscape Areas within the Property.

Section 20. Fireworks and Firearms. The discharge of fireworks or firearms within the Property is prohibited. The terms "firearms" includes "B-B" guns, pellet guns, and other firearms of all types, regardless of size. Notwithstanding anything to the contrary contained herein or in its By-Laws, the Association shall not be obligated to take action to enforce this Section.

Section 21. On-Site Fuel and Chemical Storage. No on-site storage of gasoline, heating or other fuels or chemicals shall be permitted on any part of the Property except that up to five (5) gallons of fuel in approved containers may be stored on each Lot for emergency purposes and operation of lawn mowers and similar tools or equipment; provided, however, that the Association shall be permitted to store fuel for operation of maintenance vehicles, generators and similar equipment.

ARTICLE VI.

ANNUAL MAINTENANCE ASSESSMENTS ("Assessments")

Section 1. The Maintenance Fund. All funds collected as hereinafter provided for the benefit of the Association from the regular and/or special maintenance charges for capital improvements shall constitute and be known as the "Maintenance Fund." The Assessments levied by the Association shall be used exclusively to promote the recreation, health and welfare of the residents in the Property and for the improvement and maintenance and acquisition of Common

Areas and any Private Streets, Reserves, storm water detention lakes, and easements. The responsibilities of the Association may include, by way of example but without limitation, at its sole discretion, any and all of the following: maintaining, repairing or replacing parkways, streets, Private Streets, curbs, perimeter fences, esplanades; maintaining, repair or replacing of the walkways, steps, entry gates, or fountain areas, Landscape Areas, project identity signs, landscaping if any; maintaining rights-of-way, easements, esplanades and other public areas, if any; constructing, installing, and operating street lights; purchasing and/or operating expenses of recreation areas, pools, playgrounds, clubhouses, tennis courts, jogging tracks and parks, if any, collecting garbage, insecticide services; payment of all legal and other expenses incurred in connection with the enforcement of all recorded charges and Assessments, covenants, restrictions, and conditions affecting the Properties to which the maintenance fund applies; payment of all reasonable and necessary expenses in connection with the collection and administration of the maintenance charge and Assessment; employing policemen and watchmen; employing CPAs and property management firms, attorneys, porters, lifeguards, or any type of service deemed necessary or advisable by the Association; caring for vacant Lots and doing any other thing necessary or desirable in the opinion of the association to keep the properties in the Subdivision neat and in good order, or to which is considered of general benefit to the Owners or occupants of the property. The lake formed by the storm water retention area within the Subdivision and the landscaped area around it shall be maintained and insured for liability by the Association even though such detention area is owned by the WCID or another public or private political entity, the insurance policy shall name the WCID as an additional named insured. It is understood that the judgment of the Association in the expenditure of said fund shall be final and conclusive so long as such judgment is exercised in good faith.

The Association shall also annually prepare a reserve budget to take into account the number and nature of replaceable assets, the expected life of each asset, and the expected repair or replacement cost. The Association shall set the required capital contribution in an amount sufficient to permit meeting the projected needs of the Association, as shown on the budget, with respect both to amount and timing by annual Assessments over the period of the budget. The capital contribution required, if any, shall be fixed by the Board and included within and distributed with the applicable budget and notice of Assessments.

Section 2. Creation of the Lien and Personal Obligation of Assessments. Each Lot in the Property is hereby subjected to the annual maintenance charge as set out in this Article, and each Owner of any Lot by acceptance of a deed therefore whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) Assessments or charges; (2) special Assessments for such Assessments to be established and collected as hereinafter provided; and (3) any charge back for costs, fees, expenses, attorney's or other charges incurred by the Association in connection with enforcement of these Declarations, the Association By-Laws, or rules and regulations. The Assessments, special Assessments and charge backs, together with the interests, costs, late charges, and reasonable attorney's fees, shall be a charge on the Lot and shall be a continuing lien upon the property against which such Assessments are made. All such Assessments as to a particular property, together with interest, late charges, costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the Assessments fell due. The personal obligation for delinquent assessments shall not pass to his successor in title unless expressly assumed by that successor.

Section 3. Payment of Assessments. The Assessments shall be paid by the Owner or Owners of each Lot in the Association in annual installments. The annual periods for which maintenance charges shall be levied shall be January 1 through December 31, with payment being due by January 1 of each year. The rate at which each Lot shall be assessed as to the Assessment shall be determined annually, shall be billed in advance and may be adjusted from year to year by the Board of Directors of the Association as the needs of the Subdivision may, in the judgment of the Association, require; provided, however, that such Assessments shall be uniform for all residential lots. The Association's annual and special Assessments herein above described may be increased by majority vote of its members at a meeting duly called for that purpose.

Section 4. Maximum Annual Assessment, Association Maintenance Fund ("AMF"). Until January 1, 2001, the maximum annual Association Assessment shall be six hundred and sixty DOLLARS (\$660.00) per Lot, per annum. From and after January 1, 2001, the maximum annual assessment may be increased each year not more than twenty percent (20%) above the maximum Assessment for the previous year without a vote of the membership. The Association may, at its discretion, accumulate and assess the increase in a later year. The maximum annual Assessment may be increased above the twenty percent (20%) increase described above only by approval of at least two-thirds (2/3) of each class of the members in the Association present and voting in person or by proxy at a meeting duly called for this purpose at which a quorum is present. The Association's Board of Directors may fix the annual Assessment at an amount not in excess of the maximum each year according to the income / expense budget approved by the Board of Directors.

Section 5. Transfer Fees. The Association may charge a fee for transfer of ownership of a Lot. The fee shall be set by the Board of Directors, but shall not exceed one-third (1/3) of the annual Assessment.

Section 6. Adopt a School Program. In addition to the Assessments and special Assessments required to be paid by an Owner, each purchaser of a Lot upon acceptance of a deed therefore, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay the Association upon the transfer of title of a lot to the purchaser: (a) upon first transfer of a Lot from a Builder to a purchaser FIFTY DOLLAR (\$50.00) contribution by the Builder/seller and an additional FIFTY DOLLAR (\$50.00) contribution by the purchaser; and (b) on subsequent transfers, the purchasers shall pay a contribution equal to one-tenth (1/10) of the annual Assessment for each Lot purchased ("Transfer Assessments"). The Transfer Assessments received by the Association under this Section shall be held in a separate account and shall be used by the Association to foster support for local school programs and activities or for such other similar purpose as the Association in its absolute discretion may approve. This fee is in addition to the transfer fee imposed by Section 5 above.

Section 7. Special Assessments. In addition to the Assessments authorized above, the Association may levy, in any Assessment year, a special Assessment applicable to the current year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, streets, curbs, storm sewers, sidewalk, Recreational Areas, including fixtures and personal property related thereto, or for any other purpose approved by the membership; provided, however, that any such Assessment shall have

the approval of a majority vote of the Members who are voting in person or by proxy at a meeting duly called for this purpose at which a quorum is present.

Section 8. Notice and Quorum. Written notice of any membership meeting called for the purpose of increasing the maximum annual Assessment or raising any Assessment or special Assessment shall be mailed (by U.S. first class mail) to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. At any such meeting, the presence of Members or of proxies entitled to cast at least ten percent (10%) of all the votes of the Members shall constitute a quorum.

Section 9. Commencement of Assessment. All developed Lots in the Subdivision shall commence to bear their applicable maintenance fund assessment simultaneously; Lots owned by the Developer in the Subdivision are not exempt from Assessment. All developed Lots shall be subject to the Assessments determined by the Board of Directors of the Association in accordance with the provision hereof. Developed Lots which are owned by the Developer in the Subdivision shall be assessed at one-quarter (1/4) of the annual Assessment. Lots which are owned by Builders in the Subdivision shall be assessed at one-half (1/2) of the Assessment for twelve (12) months after closing and then the full rate shall be assessed. The rate of Assessment for an individual Lot, within a calendar year, can change as the character of ownership and the status of occupancy by a resident changes, and the applicable Assessment for such Lot shall be prorated according to the rate required during each type of ownership.

Section 10. Bulk Services. In the event that the Association contracts for bulk communication or power services, such costs shall be billed directly to each Owner as a monthly or quarterly assessment, as the Association may elect. Such additional Assessments shall be separately

itemized and shall be collected in the same manner as regular assessments, except that Assessments billed hereunder shall be due on the first day of the month or quarter when billed, shall be late if not paid by the tenth (10th) day of the month or quarter billed and shall be subject to TWENTY FIVE DOLLARS (\$25.00) or FIVE PERCENT (5%) late charge, which shall not be considered interest, if not paid by the late date. The provisions of Article VI, Section 12 shall apply to nonpayment of these fees. These fees may be billed as flat rate per lot metered, or per service, or any combination thereof, as determined in the sole discretion of the Developer or the Association.

Section 11. Effect of Nonpayment of Assessments. Any Assessment not paid within thirty (30) days after the due date shall bear interest at the rate of ten percent (10%) per annum. The Association may in addition charge a late charge for Assessments paid more than fifteen (15) days after the due date. The Association may bring an action at law against the Owner personally obligated to pay same, or foreclose the liens against the property. Interest, costs, late charges and attorneys fees incurred in any such collection action shall be added to the amount of such Assessment or charge. An Owner, by his acceptance of a deed to a Lot, hereby expressly vests in the Association and its agents, the right and power to bring all actions against such Owner personally for the collection of such charges as a debt and to enforce the aforesaid lien by all methods available for enforcement of such liens, including, specifically, non-judicial foreclosure pursuant to Article 51.002 of the Texas Property Code (or any amendment or successor statute) and each such Owner expressly grants to the association power of sale in connection with said lien. The Association shall have the right and power to appoint a Trustee to act for and in behalf of the Association to enforce the lien. The lien provided for in this section shall be in favor of the Association for the benefit of all Lot Owners. The Association shall, whenever it proceeds with non-judicial foreclosure pursuant to the

provisions of said Section 51.002 of the Texas Property Code and said power of sale, designate in writing a Trustee to post or cause to be posted all required notices of such foreclosure sale and to conduct such foreclosure sale. The Trustee may be changed at any time and from time to time by the Association by means of a written instrument executed by the President or any Vice President of the Association and filed for record in the Real Property Records of Harris County, Texas. In the event that the Association has determined to non-judicially foreclose the lien provided herein pursuant to the provisions of said Section 51.002 of the Texas Property Code and to exercise the power of sale hereby granted, the Association shall mail to the defaulting Owner a copy of the Notice of Trustee's Sale not less than twenty-one (21) days prior to the date on which said sale is scheduled by posting such notice through the U.S. Postal Service, postage prepaid, registered or certified, return receipt requested, properly addressed to such Owner at the last known address of such Owner according to the records of the Association. If required by law, the Association or Trustee shall also cause a copy of the Notice of Trustee's Sale to be recorded in the Real Property Records of Harris County, Texas. Out of the proceeds of such sale, there shall first be paid all expenses in proceeds of such incurred by the Association in connection with such defaults, including reasonable attorney's fees and reasonable trustee's fee; second, from such proceeds there shall be paid to the Association an amount equal to the amount in default; and, third, the remaining balance, if any, shall be paid to such Owner. Following any such foreclosure, each occupant of any such Lot foreclosed on, each occupant of any such Lot foreclosed on, and each occupant of any improvements thereon shall be deemed to be a tenant at sufferance and may be removed from possession by any and all lawful means, including a judgment for possession in an action of forcible detainer and the issuance of a writ of restitution thereunder. The Association shall also have the right to maintain a deficiency suit in the event the

sale proceeds are less than the amount of assessments, interest, late fees, attorney's fees, costs incurred by or owed to the Association.

In addition to foreclosing the lien hereby retained, in the event of nonpayment by any Owner of such Owner's portion of any Assessment, the Association may, upon ten (10) days' prior written notice thereof to such nonpaying Owner, in addition to all other rights and remedies available at law or otherwise, restrict the right of such nonpaying Owner to use the Common Areas, if any, in such manner as the Association deems fit or appropriate and/or suspend the voting rights of such nonpaying Owner so long as such default exists.

It is the intent of the provisions of this Section to comply with the provisions of said Section 51.002 of the Texas Property Code relating to non-judicial sales by power of sale and, in the event of the amendment of said Section 51.002 of the Texas Property Code hereafter, the President or Vice President of the Association, acting without joinder of any other Owner or mortgagee or other person may, by amendment to this Declaration filed in the Real Property Records of Fort Bend County, Texas, amend the provisions hereof so as to comply with said amendments to Section 51.002 of the Texas Property Code.

No Owner may waive or otherwise escape liability for the Assessments provided herein by non use of the facilities or services provided by the Association or by abandonment of his Lot.

Section 12. Subordination of the Lien to Mortgages. To secure the payment of the Maintenance Fund all annual and special Assessments established hereby and to be levied on individual residential Lots, there is hereby reserved in each deed (whether specifically stated therein or not) a vendor's lien and a contract lien for benefit of the Association, said liens to be enforceable as set forth in Article VI hereof by the Association on behalf of such beneficiary; provided, however,

that each such lien shall be secondary, subordinate and inferior to all liens, present and future given, granted and created by or at the request of the Owner of any such Lot to secure the payment of monies advanced on account of the purchase price and/or the construction of improvements on any such Lot to the extent of any such maintenance fund charge or regular Assessments or special Assessments accrued and unpaid prior to foreclosure of any such purchase money lien or construction lien; and further provided that as a condition precedent to any proceeding by the association to enforce such lien upon any Lot upon which there is an outstanding valid and subsisting first mortgage lien, for the aforesaid purpose or purposes. The sale or transfer of any Lot pursuant to purchase money or construction loan mortgage foreclosure or any proceeding in lien thereof, shall extinguish the lien of such assessment as to payment which became due prior to such sale or transfer.

Mortgagees are not required to collect Assessments.

Failure to pay Assessments does not constitute a default under an insured mortgage.

Section 13. Date of Commencement of Annual Assessments Due Dates. The Assessment provided for herein shall commence as to all developed Lots in CANYON GATE AT CINCO RANCH, SECTION EIGHT (8), on the date the first residence is transferred to a purchaser by a Builder. The Assessments shall be adjusted according to the number of months remaining in the then current calendar years. The Association shall fix the amount of the Assessment against each Lot at least thirty (30) days in advance of each Assessment period. Written notice of the Assessment shall be mailed (by U.S. first class mail) to every Owner subject thereto. The payment dates shall be established by the Association. The Association shall, upon demand and for a reasonable charge, furnish a certificate signed by all officer of the Association setting forth whether the Assessments on a specified Lot have been paid and the amount of any delinquencies. The Association shall not be

required to obtain a request for such certificate signed by the Owner but may deliver such certificate to any party who in the Association's judgment has a legitimate reason for requesting same.

ARTICLE VII.

CINCO RANCH LANDSCAPE MAINTENANCE ASSOCIATION, INC.

("Landscape Association") and shall have all of the rights and obligations conferred and imposed upon it pursuant to the Landscape Restrictions, Landscape Association By-Laws, and the Articles of Incorporation of the Landscape Association, including the obligation to pay a portion of the common expense of the Landscape Association. The Association shall cooperate with the Landscape Association in performing its responsibilities under this Declaration and the Landscape Restrictions.

Section 3. Easement to Landscape Association. The officers, agents, employees, and contractors of the Landscape Association shall have a non-exclusive easement over and upon the Common Areas for the purpose of performing and satisfying its duties and obligations as set forth in the Landscape Restrictions.

The foregoing priorities shall not prevent enforcement by the Association of provisions or rules which are more restrictive than those contained in the Landscape Restrictions.

Section 6. Assessments. The Landscape Association shall separately assess each Lot for the pro rata costs of its operations as set forth in the Landscape Association Declarations. The Association may bill and collect such charges for the Landscape Association as a separate line item charge on the Lot Owner Assessments and may collect them in the same manner as Association Assessments as set forth in this Declaration.

ARTICLE VIII.

INSURANCE AND CASUALTY LOSSES

Section 1. Insurance. The Association, or its duly authorized agent, shall have the authority to and shall obtain blanket "all-risk" property insurance, if reasonably available, for all insurable improvements on the Common Areas. If blanket "all-risk" coverage is not reasonably available, then at a minimum an insurance policy providing fire and extended coverage shall be obtained. The face amount of such insurance shall be sufficient to cover the full replacement cost of any repair or reconstruction in the event of damage or destruction from any insured hazard.

The Association shall have no insurance responsibility for any part of any Lot or the improvements thereon.

The Board shall also obtain a general liability policy covering the Common Areas, insuring the Association and its members for all damage or injury caused by the negligence of the Association or any person for whose acts the Association is held responsible ("Liability Policy"). The Liability Policy shall provide coverage in an amount not less than two million dollar (\$2,000,000.00) single person limit with respect to bodily injury and property damage, not less than three million dollar (\$3,000,000.00) limit per occurrence, if reasonably available, and not less than five hundred thousand dollar (\$500,000.00) minimum property damage coverage.

Premiums for all insurance on the Common Area shall be a Common Area expense, subject to the right of the Association to seek reimbursement for all or a portion of such expenses pursuant to this Declaration.

Insurance policies may contain a reasonable deductible, and the amount thereof shall not be subtracted from the face amount of the policy in determining whether the insurance satisfies the coverage required hereunder. The deductible shall be paid by the party who would be liable for the loss or repair in the absence of insurance and in the event of multiple parties shall be allocated in relation to the amount each party's loss bears to the total. All insurance coverage obtained by the Association shall be governed by the following provisions:

- (a) All policies shall be written with a company authorized to do business in Texas and holding a Best's rating of A or better and is assigned a financial size category of XI or larger as established by A.M. Best Company, Inc., if reasonable available, or, if not available, the most nearly equivalent rating which is available;

(b) All policies on the Common Area shall be for the benefit of the Association and its members and shall be written in the name of the Association or for the benefit of the Association;

(c) Exclusive authority to adjust losses under policies obtained on the Common Area shall be vested in the Association;

(d) In no event shall the insurance coverage obtained and maintained by the Association hereunder be brought into contribution with insurance purchased by individual Owners, occupants, or their Mortgagees;

(e) All property insurance policies shall have an agreed amount endorsement, if reasonably available; and

(f) The Association shall use reasonable efforts to secure insurance policies that will provide the following:

(i). a waiver of subrogation by the insurer as to any claims against the Association and its directors, officers, employees and manager, the Owner and occupants of Lots and their respective tenants, servants, agents, and guests;

(ii). a waiver by the insurer of its rights to repair and reconstruct, instead of paying cash;

(iii). a statement that no policy may be canceled, invalidated, suspended, or subject to non-renewal on account of any one or more individual Owners;

(iv). a statement that no policy may be canceled, invalidated, suspended, or subject to non-renewal on account of any curable defect or violation without prior written demand in writing delivered to the Association to cure the defect or violation

and the allowance of reasonable time thereafter within which the defect may be cured by the Association, its manager, any Owner, or Mortgagee;

(v). a statement that any "other insurance" clause in any policy exclude individual Owner's policies from consideration; and

(vi). a statement that the Association will be given at least thirty (30) days' prior written notice of any cancellation, substantial modification, or non-renewal.

In addition to the insurance described above, the Association shall obtain, as a Common Area expense, worker's compensation insurance, if and to the extent required by law, directors' and officers' liability coverage, a fidelity bond or bonds on directors, officers, employees, and other persons handling or responsible for the Association's funds, and flood insurance, if reasonably available. The amount of fidelity coverage shall be determined in the directors' best business judgment, but, if reasonably available, may not be less than one-sixth (1/6) of the annual Assessments on all Lots, plus reserves on hand. Bonds shall contain a waiver of all defenses based upon the exclusion of persons serving without compensation and shall require at least thirty (30) days' prior written notice to the Association of any cancellation, substantial modification, or non-renewal.

Section 2. Individual Insurance. By taking title to a Lot subject to this Declaration, each Owner covenants and agrees with all other Owners and with the Association that such Owner shall carry homeowners insurance on the Lots and structures constructed thereon including (a) liability coverage of not less than \$100,000 per person and \$300,000 per occurrence and (b) property damage liability insurance of not less than \$50,000 plus extended coverage for full replacement value. Each Owner further covenants and agrees that in the event of loss or damage to the structures comprising

his Lot, the Owner shall either: (a) proceed promptly to repair or to reconstruct the damaged structure in a manner consistent with the original construction or such other plans and specifications as are approved by the Committee; or (b) clear the Lot of all damaged structures, debris and ruins and thereafter maintain the Lot in a neat and attractive, landscaped condition consistent with the requirements of the Committee and the Board of Directors.

Section 3. Damage and Destruction.

(a) Immediately after damage or destruction by fire or other casualty to all or any part of the Property covered by insurance written in the name of the Association, the Board of Directors or its duly authorized agent shall proceed with the filing and adjustment or all claims arising under such insurance and obtain reliable and detailed estimates of the cost or repair or reconstruction of the damaged or destroyed Property. Repair or reconstruction, as used in this paragraph, means repairing or restoring the Property to substantially the same condition in which it existed prior to the fire or other casualty, allowing for any changes or improvements necessitated by changes in applicable building codes.

(b) Any damage or destruction to the Common Area shall be repaired or reconstructed unless the voting members representing at least seventy-five percent (75%) of the total Class "A" vote of the Association, shall decide within sixty (60) days after the casualty not to repair or reconstruct. If for any reason either the amount of the insurance proceeds to be paid as a result of such damage or destruction, or reliable and detailed estimates of the cost of repair or reconstruction, or both, are not made available to the Association within said period, then the period shall be extended until such funds or information shall be made available; provided, however, such extension shall not exceed

sixty (60) additional days. Except as expressly provided herein, no mortgagee shall have the right to participate in the determination of whether the damage or destruction to Common Area or common property of the Association shall be repaired or reconstructed.

(c) In the event that it should be determined in the manner described above that the damage or destruction to the Common Area shall not be repaired or constricted and no alternative improvements are authorized then and in that event the affected portion of the Property shall be cleared of all debris and ruins and maintained by the Association in a neat, attractive, landscaped condition.

Section 4. Disbursement of Proceeds. If the damage or destruction for which the proceeds of insurance policies held by the Association are paid is to be repaired or reconstructed, the proceeds, or such portion thereof as may be required for such purposed, shall be disbursed in payment of such payment of such repairs or reconstruction as hereinafter provided.

Any proceeds remaining after defraying such costs of repair or reconstruction, or if no repair or reconstruction is made, any proceeds shall be retained by and for the benefit of the Association.

Section 5. Repair and Reconstruction. If the damage or destruction to the Common Area for which insurance proceeds are paid is to be repaired or reconstructed, and such proceeds are not sufficient to defray the cost thereof, the Board of Directors shall, without the necessity of a vote of the members, levy a special assessment against the Owners of Lots sufficient to raise the additional funds necessary to restore the common amenity. Additional Assessments may be made in like manner at any time during or following the completion of any repair or reconstruction.

ARTICLE IX. SUBDIVISION ACCESS

The Subdivision shall at all times maintain a limited/controlled access entry and shall not open any free access roads or paths into the Subdivision unless mandated by state, county, or municipal laws.

The Association shall at all times maintain an access control station and limited access gate system at the Subdivision main access (the "Access Control Station"). The Developer or Association shall have the right to relocate the gates or control station at any time. The remainder of the Subdivision shall be surrounded by perimeter masonry or wood fences at least at least six feet (6') in height which shall be constructed by the Builder during the construction phase of any dwelling on a Lot and shall be maintained by the Owner of the Lot, except for those Lots along Canyon Gate Boulevard, which walls will be built by the Developer and/or Builders and maintained by the Association.

These Sections shall not be fully surrounded by perimeter fencing until all perimeter Lots are sold and residential dwellings constructed on them.

(a)

The Access Control Station, access gates, and manpower shall be paid for by the Association out of assessments revenue. Gate access cards, EZ Tags, remotes, or other automatic gate devices shall be paid for by each Lot Owner, at a rate determined by the Association.

The Association may require all Owners and their family members, tenants, and other permanent residents to maintain in identification stickers on each of their vehicles.

Each Owner shall provide the Association with their residential and emergency telephone numbers for use at the Access Control Station.

THE GUARDS, PATROLS, MONITORING SERVICES, ACCESS CONTROL GATES AND WALLS ARE PROVIDED AS A COURTESY ONLY AND THEIR EXISTENCE SHALL NOT BE CONSTRUED AS ANY PROMISE, WARRANTY, GUARANTEE OR REPRESENTATION OF ANY TYPE OR NATURE OF THE SECURITY OF THE SUBDIVISION, OR THAT SUCH SERVICE WILL PREVENT, DETER OR OTHERWISE STOP ANY CRIME, VANDALISM, UNAUTHORIZED ACCESS OR OTHER UNWANTED CIRCUMSTANCE OR EVENT.

BY ACCEPTING TITLE TO HIS LOT, EACH OWNER FOR HIMSELF, HIS FAMILY, GUESTS, INVITEES, TENANTS, SUCCESSORS, AND ASSIGNS HEREBY RELEASES THE DEVELOPER, THE ASSOCIATION, THE ASSOCIATION BOARD OF DIRECTORS, ALL MANAGEMENT COMPANIES, ALL GUARD, PATROL, AND MONITORING SERVICES AND ALL BUILDERS OF ANY AND ALL LIABILITY AND ANY AND ALL CLAIMS OF WHATSOEVER NATURE, HOWSOEVER OCCURRING, KNOWN OR UNKNOWN, FORESEEABLE OR UNFORESEEABLE, NEGLIGENCE, GROSS NEGLIGENCE, OR INTENTIONAL CONDUCT, INCLUDING, BUT NOT LIMITED TO, CLAIMS FOR DAMAGE, INJURY OR LOSS TO PERSONS OR PROPERTY RESULTING FROM CRIMINAL ACTIVITY, VANDALISM, UNAUTHORIZED ACCESS OR ANY OTHER EVENT GUARDS OR ACCESS CONTROL GATES ARE DESIGNED TO DETER, IT BEING AGREED THAT THE ASSOCIATION AND ITS DEVELOPER AND VENDORS CANNOT PREVENT SUCH OCCURRENCES AND THAT EACH LOT OWNER, THEIR FAMILY, GUESTS, INVITEES, AND TENANTS SHALL BE RESPONSIBLE FOR THEIR OWN SAFETY OF THEIR PROPERTY AND HAS THE OPTION OF OBTAINING THIRD PARTY INSURANCE FOR

Section 8. Dissolution. If the Association is dissolved, the assets shall be dedicated to a public body or conveyed to a nonprofit organization with similar purposes.

Section 9. Common Area Mortgages or Conveyance. The Common Area cannot be mortgaged or conveyed without the consent of seventy-five percent (75%) of the Lot Owners (excluding the Developer).

If the ingress or egress to any Lot is through the Common Area, any conveyance or encumbrance of such area shall be subject to that Owner's easement.

Section 10. Books and Records. The books, records and papers of the Association shall, during reasonable business hours, be subject to inspection by any member for "any proper purpose." The Articles of Incorporation, By-Laws of the Association, and this Declaration shall be available for inspection by any member at the principal office of the Association where copies may be purchased at a reasonable cost.

Section 11. Interpretation. If this Declaration or any word, clause, sentence, paragraph or other part thereof shall be susceptible of more than one or conflicting interpretations, then the interpretation which is most nearly in accordance with the general purposes and objectives of this Declaration shall govern.

Section 12. Omissions. If any punctuation, word, clause, sentence or provision necessary to give meaning, validity or effect to any other word, clause, sentence or provision appearing in this Declaration shall be omitted here from, then it is hereby declared that such omission was unintentional and that the omitted punctuation, word, clause, sentence or provisions shall be supplied by inference.

Section 13. Lienholder. Lienholder, if any, joins herein solely for the purpose of subordinating the liens held by it of record upon the Properties to the covenants, conditions and restrictions hereby imposed by Developer, with the stipulation that such subordination does not extend to any lien or charge imposed by or provided for in this Declaration.

Section 14. Additional Requirements. So long as required by the Federal Home Mortgage Corporation, the following provisions apply in addition to and not in lieu of the foregoing. Unless at least sixty-seven percent (67%) of the first mortgagees or members representing at least sixty-seven

percent (67%) of the total Association vote entitled to be cast thereon consent, the Association shall not:

(a) by act or omission seek to abandon, partition, subdivide, encumber, sell, or transfer all or any portion of the real property comprising the Common Area which the Association owns directly or indirectly (the granting of easements for public utilities or other similar purposes consistent with the intended use of the Common Area shall not be deemed a transfer within the meaning of this subsection);

(b) change the method of determining the obligations, assessments, dues, or other charges which may be levied against an Owner of a Lot (a decision, including contracts, by the Board or provisions of any declaration subsequently recorded on any portion of the Property regarding Assessments annexed or other similar areas shall not be subject to this provision when such decision or subsequent declaration is otherwise authorized by this Declaration.);

(c) by act or omission change, waive, or abandon any scheme or regulations or enforcement thereof pertaining to the architectural design or the exterior appearance and maintenance of Lots and of the Common Area (the issuance and amendment of architectural standards, procedures, rules and regulations, or use restrictions shall not constitute a change, waiver, or abandonment within the meaning of this provision);

(d) fail to maintain insurance, as required by this Declaration; or

(e) use hazard insurance proceeds for any Common Area losses for other than the repair, replacement, or reconstruction of such property, or to add to Reserves.

First mortgagees may, jointly or singly, after thirty (30) days written notice to the

Association, pay taxes or other charges which are in default and which may or have become a charge against the Common Area and may pay overdue premiums on casualty insurance policies or secure new casualty insurance coverage upon the lapse of an Association policy, and first mortgagees making such payments shall be entitled to immediate reimbursement from the Association.

Section 15. No Priority. No provision of this Declaration or the By-Laws gives or shall be construed as giving any Owner or other party priority over any rights of the first mortgagee of any Lot in the case of distribution to such Owner of insurance proceeds or condemnation awards for losses to or a taking of the Common Area.

Section 16. Notice to Association. Upon request, each Owner shall be obligated to furnish to the Association the name and address of the holder of any Mortgage encumbering such Owner's Lot.

Section 17. Amendment by Board. Should the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation subsequently delete any of their respective requirements which necessitate the provisions of this Article or make any such requirements less stringent, the Association, without approval of the Owners, may cause an amendment to this Article to be recorded to reflect such changes.

Section 18. Applicability of Article XI. Nothing contained in this Article shall be construed to reduce the percentage vote that must otherwise be obtained under this Declaration, By-Laws, or Texas Law for any of the acts set out in this Article.

Section 19. Failure of Mortgagee to Respond. Any Mortgagee who receives a written request from the Board to respond to or consent to any action shall be deemed to have approved such action if the Association does not receive a written response from the Mortgagee within thirty (30)

days of the date of the Association's request, provided such request is delivered to the Mortgagee by certified or registered mail, return receipt requested.
